## EXAMINATIONS

Our international reputation is based on our students achieving the rigorous examination standards of our awarding bodies. Part of these exams are practical and we especially value the support of our clients during exam seasons.

---

Please remember this is an education establishment and treatments will be carried out in a communal salon where the student therapists may receive instruction whilst performing your treatment.

We pride ourselves on high standards and highly qualified teachers who ensure constant instruction and reinforcement to provide you with the best treatment possible within the realms of teaching. The treatment costs reflect this.

Students work towards the treatment times shown. However during the initial part of their training they may take longer to complete the treatment so please allow extra time.
